## ZHANG XINYU

Thank you for providing this precious opportunity for me to learn English Calligraphy. This is my first time to have a detailed understanding of English Calligraphy. I felt difficult at first and couldn't write the words as it should be. But the teacher guided us with patience and helped us with the final work. After this experience, I tended to have more interest in English Calligraphy and hoped to have more opportunity to practice it in the future.

首先感謝宿舍在疫情之下，依然能夠為宿生舉辦活動，讓宿生能夠從學業的壓力之中稍為放鬆一下，發掘另一項文字藝術與心理治療兼備的活動。亦感謝老師的悉心教導，讓我們能夠在短短四堂之中掌握英文書法的基本概念和技巧，甚至能夠製作屬於我們的作品。期待宿舍能夠再次舉辦類型相近的活動，讓我們能夠發掘不同面向的技能，亦能夠得到放鬆身心的機會。

## WEI YINGTONG

Art is a very abstract thing, it is far away from us, far beyond reach. Art is around us every day! Since we were born, art has been integrated into our lives, but it is often ignored by the world! Just like the calligraphy teacher gave us, behind every word is a picture and a story. The master creates with a color pen, which makes English calligraphy have a soul. When the teacher writes my name, I feel my name is so beautiful. I really want to cherish myself more. At the same time, the common learning around makes me more confident. This piece of laughter, dedication, I will always remember in my mind.

## YANG XIUWEN

I am delighted to have such a learning opportunity for me to try calligraphy. In these four classes, apart from making many new friends, I also expanded my knowledge. Whenever I write these words, I feel like they are dancing and neatly lined up. It widens my horizon because of its various shapes and types. It is so interesting that I always forget the passing of time when I practice it. This workshop allowed me to experience a different culture. It was a very special experience that I had never tried before.

## YEUNG BIT YING

I am very glad that I can have the opportunity to learn calligraphy, which I wish to learn for a long time ago. I like Sam and indeed she taught us very well and explain briefly, and I do appreciate about it. Hopefully, we could have some classes in next year or near future.
